Locations
Current Renderings of
projected locations for
color reference.

Phones
Two needed. Fun colors preferred.

House hold Items

Love the color of the laundry baskets. If we could lean toward that level of saturation with all colors of props, that would be great!

Giant Hose of water
Dryer hose go green with enlarged version
of hose handle attached that “magically”
releases blue confetti.
Maybe twist confetti launcher.
Below picture for color.

Industrial Soap and Stand-able Book

Person for size. I will create an Image
for you for the soap box and for the
Book. I will send original editable files
so they can be sized to what you build.

Camera & Magnifying Glass
Size for adult but I like the ratio of
both and camera coloring.

Pinkalicious

Prop Packet

Plates, Cup
Love the polka dot pattern,
but would be fine with solid rim

Laptop Cover
Really love the polka dots again.
I prefer teal but once again,
double check with costumes.

Mom Briefcase
I like the teal one with the teal
polka dot laptop. However, we
should double check what she is
wearing in the scene with the
laptop so we don't clash.

Recycle Bin
Standard size trash can
with at least recycle symbol.

Pinkalicious Wand
Should be scaled to look like she is a child.

Crayon
Scaled for adult actors to look like children.

Bicycle Handle Bars

I love the colors on the top row. That light blue/teal for the bars and each member of the family should have a different color handle. Will double check with costumes but Pinkalicious should have pink handles with tassels (maybe purple gold and pink tassels).

Dr. Wink tools
Can be normal colors of black and silver.
Light should work on the item with lights.

Dr. Wink's office
Rolling stool and Dr's table.
